To Whom It May Concern:

Since 2012, we have worked closely with Don Dennis and his team at Archway Properties on several of our real estate and construction projects. Don and his employees were instrumental in the successful start to finish development of our Wildwood Corporate Centre, which includes two multistory office buildings, two parking structures and a fitness center, and during the remodeling and build-out of our corporate headquarters in the Woodlands. In addition to our construction projects, Archway also furnished invaluable advisory services to us on several multimillion dollar real estate transactions in Harris, Montgomery, Waller, and Austin Counties, Texas and assisted us in negotiating our credit facilities for two of our projects.

Don and his team always provided us with excellent, timely, and insightful services and it is without hesitation that I recommend them to any company in need of experts for the expansion, development or construction of commercial facilities or to assist with the sale or acquisition of commercial properties.

Please do not hesitate to contact me if you wish to further discuss our experience with Don Dennis and his team at Archway Properties.

Sincerely,

GeoSouthern Energy Corporation

Margaret Woodward Molleston
Vice President
