

Congratulations to Living Spaces Furniture on the Grand Opening of their first Houston-area location at Park Air 59 in Humble, TX! Living Spaces signed a lease to absorb the entire 40' clear 685,400-SF building in 2021, and today the 100,000-SF showroom space is open to the public alongside a robust distribution center for online fulfillment. Archway Properties partnered with Powers Brown, Studio8Architects, and Owrey Construction to design and construct both the distribution and retail center buildouts. A special thanks to our JLL leasing team of Richard Quarles, Mark Nicholas and Joe Berwick as well as Partnership Lake Houston for helping to bring such a great tenant to Air 59 Logistics Center!
